

ADDENDUM NO. 3

Issued 9 November 2026
Tender NUPA/ISTP/2026/014

Wadi Sirhan Independent Sewage Treatment Plant

This Addendum amends the definition of Estimated Project Cost, the financial capacity requirement in Volume I Clause 8.4 and the delay liquidated damages in Volume V Clause 18.1, relaxes the velocity limit for the treated effluent transmission main, amends Section 5.1 of Addendum No. 1, reissues the technical evaluation table to add a criterion for energy efficiency, divides Volume I Clause 11.3 into two Clauses, makes a conditional amendment to Volume II Clause 1.4, adds a Declaration of Beneficial Ownership (Form 4-H) which all Bidders may submit through the Portal within five Working Days after the Proposal Due Date, and responds to clarification requests 15 to 20.

This Addendum forms part of the RFP Documents and takes precedence in accordance with Volume I Clause 3.2. Bidders shall acknowledge receipt in Form 4-A. All other terms of the RFP Documents remain unchanged.

1. RECITALS

- 1.1 This Addendum is issued under Volume I Clause 5.3 and takes precedence over Addenda Nos. 1 and 2 in accordance with Volume I Clause 3.2.
- 1.2 A reference in this Addendum to a Clause, Table or Form is to that Clause, Table or Form as amended by Addenda Nos. 1 and 2, unless otherwise stated.

2. DEFINITION OF ESTIMATED PROJECT COST

- 2.1 In Volume V Clause 1.3, 'as set out in the agreed Financial Model at Financial Close' is deleted and **'as stated by the Bidder in Form 4-F, excluding financing costs, interest during construction and development fees'** is substituted.
- 2.2 The definition in Volume V Clause 1.3, as amended by Section 2.1, applies wherever the expression Estimated Project Cost is used in the RFP Documents.

3. AMENDMENT TO VOLUME I CLAUSE 8.4

- 3.1 In Volume I Clause 8.4, 'SAR 800,000,000' is deleted and **'twenty-five per cent (25%) of the Estimated Project Cost'** is substituted. Limb (b) of Clause 8.4 is unchanged.

4. AMENDMENT TO VOLUME V CLAUSE 18.1

- 4.1 In Volume V Clause 18.1, 'SAR 180,000 for each day of delay' is deleted and **'one-twentieth of one per cent (0.05%) of the Estimated Project Cost for each day of delay'** is substituted. Volume V Clause 18.4 is unchanged.

5. TREATED EFFLUENT TRANSMISSION MAIN

- 5.1 In Volume II Clause 5.2, '2.0 m/s' is deleted and **'1.5 m/s'** is substituted. The minimum residual head of 15 m at the delivery point is unchanged.
- 5.2 With effect from 8 October 2026, Section 5.1 of Addendum No. 1 is amended by deleting 'for the buried sections of the transmission main' and substituting **'for the buried sections of the transmission main other than the trenchless crossings required by Volume II Clause 5.4, at which ductile iron only shall be used'**.

6. TECHNICAL EVALUATION

6.1 Table 1-1 (revised) and the Notes to it, issued by Section 3 of Addendum No. 2, are deleted and replaced by the table and Notes below, which add criterion G (energy efficiency). The marks for criteria A to F are unchanged.

Table 1-1 (second revision) — Technical evaluation criteria

Ref	Criterion	Marks
A	Process design, treatment performance and compliance with Volume II	25
B	Construction methodology, programme and interface management	15
C	Operations and maintenance philosophy and lifecycle strategy	20
D	Environmental and social management	20
E	Organisation, key personnel and consortium governance	10
F	Health, safety and security of supply	10
G	Energy efficiency and specific energy consumption	20
	Total	120

Notes to Table 1-1 (second revision):

- (1) The technical score threshold in Volume I Clause 11.3 is unchanged at seventy per cent (70%).
- (2) The combined score weighting stated in Volume I Clause 11.2 is amended to seventy per cent (70%) technical and thirty per cent (30%) commercial.
- (3) Marks are awarded on the Authority's standard five-point scale and multiplied by the weight shown.
- (4) Criterion G is assessed on the Energy Performance Statement, which shall be included in the Technical Proposal in the format at Appendix C to this Addendum.

6.2 Volume I Clause 11.3 is deleted and replaced by the following two Clauses:

‘**11.3** A Proposal whose technical score is less than seventy per cent (70%) of the total marks available in Table 1-1 shall not proceed to commercial evaluation.’

‘**11.3A** The Envelope B of a Proposal that does not proceed to commercial evaluation shall be retained unopened by the Authority and returned to the Bidder after the Preferred Bidder Notification.’

7. CONDITIONAL AMENDMENT TO VOLUME II CLAUSE 1.4

7.1 This Section 7 has effect only if the Authority notifies Bidders through the Portal, not later than ten (10) Working Days before the Proposal Due Date, that the grid connection point referred to in Volume II Clause 1.4 will not be energised at least twelve (12) months before the Scheduled PCOD. If no such notice is given by that time, this Section 7 lapses.

7.2 Where this Section 7 has effect: (a) in Volume II Clause 1.4, the words ‘together with a grid connection point at the site boundary’, and the comma before them, are deleted; (b) the grid connection is a utility to be procured by the Project Company under the second sentence of Volume II Clause 1.4; and (c) the cost of the grid connection works forms part of the Estimated Project Cost.

8. NEW FORM 4-H — DECLARATION OF BENEFICIAL OWNERSHIP

8.1 A new Form 4-H (Declaration of Beneficial Ownership) is added to Volume IV and to the list at Volume I Clause 9.1, to be inserted after Form 4-G. Form 4-H is reproduced at Appendix A to this Addendum.

8.2 Form 4-H shall be completed in the Arabic language, signed and stamped by an authorised signatory of each member of the Bidder. The Arabic text governs. The English translation at Appendix B is provided for convenience only.

8.3 Form 4-H shall be submitted with Envelope A. A member of the Bidder that is incorporated outside the Kingdom may instead submit its Form 4-H through the Portal not later than five (5) Working Days after the Proposal Due Date.

8.4 Failure to submit a complete and properly executed Form 4-H for each member of the Bidder by the time required by Section 8.3 shall render the Proposal non-responsive.

9. RESPONSES TO CLARIFICATION REQUESTS 15 TO 20

No	Bidder question	Authority response
15	Volume I Clause 8.7 requires a Parent Company Guarantee that is unconditional as to the EPC Contractor's obligations during the construction period. Will the Authority accept a guarantee limited to a fixed amount?	No. The Parent Company Guarantee shall be unlimited as to the guaranteed obligations and shall not be conditional on any demand first being made of the EPC Contractor. Volume I Clause 8.7 and Form 4-D apply.
16	Does the Estimated Project Cost to be stated in Form 4-F include the cost of the grid connection works?	Only if Section 7 of this Addendum has effect. Otherwise the grid connection point is provided by the Authority in accordance with Volume II Clause 1.4.
17	Will the Authority publish the reference specific energy consumption against which criterion G of Table 1-1 will be assessed?	The reference specific energy consumption, in kWh per cubic metre of treated effluent, is stated in Appendix C to this Addendum together with the format of the Energy Performance Statement.
18	Does the maximum velocity in Volume II Clause 5.2 apply to the trenchless crossings?	Yes. Volume II Clause 5.2, as amended by Section 5.1 of this Addendum, applies to the whole length of the transmission main, including the crossings required by Volume II Clause 5.4.
19	How is compliance with Volume I Clause 8.4(a), as amended, to be demonstrated in Envelope A, given that the Estimated Project Cost is stated only in Form 4-F?	The Authority notes the question. Volume I Clauses 6.2 and 11.1 apply. The Authority does not consider further amendment necessary at this stage.
20	Must the certified copy of the register of shareholders attached to Form 4-H be legalised where the member is incorporated outside the Kingdom?	No. Legalisation is not required for the purposes of Form 4-H.

APPENDIX A — FORM 4-H (ARABIC)

Form 4-H is reproduced on the following page as issued. It shall be completed in the Arabic language in accordance with Section 8 of this Addendum.
